RE: Permit No. 94-9482

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

SUBJECT: Attempt at In-House Field Exam

An attempt was made at the time that the proof of beneficial use was filed to perform an in-house field exam on this permit. Unfortunately, there wasn't adequate aerial photography at the time to verify the irrigation use for this permit. Therefore, we placed it on the shelf until the next version of aerial photos become available or someone from the northern region office can performs an on-site field exam.
