EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: WD 02 Watermaster Comments - Conditions R05 & R43

Based on discussion with Rob Whitney, Watermaster of Water District 02, conditions R05 and R43 recognizing authority for regulation by WD 02 and requiring measuring device and lockable controlling works to be installed are recommended as part of the draft approval for Transfer No. 80873.

MEMORANDUM

TO: Transfer No. 80873
FROM: D. Merriman
DATE: August 25, 2016
RE: Evaluation of Application

The transfer proposes adding a point of redirection to the currently existing five points of redirection and one point of diversion for King Hill Irrigation District.

The POD site is located off Rosevear Gulch Road, on the south bank of the Snake River approximately a mile southeast of Glens Ferry.

Summary of Information Submitted

Authority to File: The Application for Transfer of Water Right was submitted by King Hill Irrigation District and signed Cliff Lisle, the manager of the organization. King Hill Irrigation District is the owner of the right to be transferred. The location at the point of diversion is owned Edward Potucek. King Hill Irrigation District has a right of way with the property owner to access the point of diversion.

Water Right Validity: Water right 37-04112 was decreed on 6/29/2010. This irrigation district right enjoys protection against forfeiture pursuant to Idaho Code 42-223.

Injury to Other Water Rights: The transfer proposes to add a redirection point to the five existing redirection points on the system. The new POD is between the western most and second western most PODs. Changes to the water supply will not occur and injury to other water rights is not apparent.

Enlargement of Use: Transfer proposes to divert 0.18 cfs of the existing 300 cfs from the new POD. No additional water will be used and no enlargement is anticipated as a result of the proposed changes. The approval document will include a condition that limits the amount of water diverted from the new POD to 0.18 cfs.

Local Public Interest: Review staff has no information to suggest this application is inconsistent with the local public interest.

Beneficial Use/Conservation of Water Resources: The application proposes beneficial use consistent with conservation of water resources in Idaho.

The application is consistent with criteria of I. C. § 42-222 and should be processed.

Additional Information/Analysis

Malad River water is injected into the Snake River and then redirected from the Snake River in Water District 2.

Although not advertised, watermaster comments were requested from both Water District 2, Snake River from Milner Dam to Murphy Gage, and Water District 37. Water District condition R05 would be added to the water right to include the right as a part of Water District 2.

Although the new POD was described on the application for transfer form as T05S R10E Sec32 NENE, the approval should describe the new POD as T05S R10E Sec32 NENE GL9.

Summary

Upon approval, a condition will be added to the right that limits the rate of diversion from the new pump station on the Snake River to 0.18 cfs

Assuming protests are not filed and/or other information does not contradict the above analysis, the application can be approved as reflected by the draft approval.

Re: Application for Transfer 80873

Dear Mr. Lisle,

The purpose of this letter is to request additional information related to the application for transfer 80873 submitted on April 25, 2016. There are a few aspects of your application that need to be clarified before it can be processed further.

First, the application for transfer submitted does not include a map. You originally submitted an application for transfer on April 11, 2016 that included a map, but the application was not accepted into the records as complete because it was missing attachment 2a, the proof report for the water right to be transferred. An updated application was received on April 25, 2016 that included attachment 2a, but was missing the map component of the application. Please submit an 8½" x 11" map that clearly identifies the proposed point of diversion, place of use, section #, township, and range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred or you may use the mapping tool found on our website at <http://maps.idwr.idaho.gov/map/>. To use the tool click on the "Change layers" button at the top of the screen, select the background drop down menu and add the 2011 NAIP background. Then click on the "Locate" button to find the location of the proposed project.

Also, section 6b of your submitted application states that Dale Jeffery is the owner of the property at the proposed POD. Elmore County tax lot data from 4/15/15 shows that the parcel may actually be owned by Edward Potucek. Please explain the arrangement between King Hill Irrigation District and the current property owner that enables the applicant to access the property for the diversion system.

Please submit the requested information for the application to be processed. The application will be voided without a timely written reply within the next thirty (30) days. Refunds are not issued for voided applications. You may mail the needed information to the Western Region office or you may email me at danie.merriman@idwr.idaho.gov.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.
