RE: Change in Ownership Water Right No. **34-503C**

Dear **Sir/Madam**:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Signature:** Back in March of 2015 the department received a split ownership change for the water listed above. The department requested additional information which we have not been provided. You provided a portion of the information; you sent the evidence of ownership for each parcel. The other information we are looking is signatures on the ownership change application from the property owner or information showing that Randy Gamett has the ability to sign for the property owner. The applications received were all signed by Randy Gamett. We have attempted to get this information to no avail so we are contacting you. Please see if you can get the required information in order for the department to complete these applications. I have attached change of ownership forms for your convenience and I will cc: Mr. Gamett and the other property owners as well. If we cannot get the proper signatures we will need to return the applications unprocessed.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
