RE: Change in Ownership Water Right No. 29-2529 & 29-10192

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** Application: The department received an Assignment of Permit to complete an ownership change for the above mentioned water rights. The water rights above are not permits therefore a Notice of Change in Water Right Ownership is required. A copy of the Deed and filing fee was submitted with the Assignment of Permit therefore all we need is the completed and signed ownership change form. I have attached the form for your convenience please fill it out and return it to our office with a copy of this letter.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
