Good Morning:

During the final review, prior to advertising the transfer application, it was determined that a couple of things should be addresses..

1. On the Narrative included with the application, POD #1 lists a spring located in the SESENW T11S, R41E Sec 9 and POD #2 list a NF Trout Creek diversion in the NESENW T11S, R41E Sec 9. It looks like the spring should be in the NESENW and the NF Trout Creek diversion in the SESENW..
2. The fee submitted with the application is not correct.. The application is adding a POD on 13-726 and 13-727 in addition to changing the POD on 13-728 (.07CFS+1.8CFS+1.6CFS=4.1CFS=\$820.00 ) The application included a fee in the amount of \$660 which leaves a balance due of \$160...

If you have any questions, please let me know.

Thank you
