Applicant and Protestants:

At the pre-hearing conference yesterday morning, I agreed to pass along several settlement agreements that you could use as templates. I have attached 3 examples ranging from fairly informal to formal.

As we discussed, please pass a paper copy of this email and the attachments on to Pam Gray, as she does not have access to email.

I look forward to hearing about any progress you make in working towards an agreement. As a reminder, please include all parties when communicating with Department.

Thank you.
