

MEMORANDUM

DATE: August 25, 2016

TO: Water Right File 63-32835

FROM: Shelley W. Keen *SWK*

RE: Proof of Beneficial Use

Today I returned a call from Roxanne Brown of SPF Engineering about the proof of beneficial use statement for Permit 63-32835. The permit is for reasonably anticipated future needs ("RAFN") for the City of Nampa. When the City submitted proof of beneficial use for the permit, it did not comply with the requirement in Idaho Code § 42-217 that it include:

In the case of a municipal provider, a revised estimate of the reasonably anticipated future needs, a revised description of the service area, and a revised planning horizon, together with appropriate supporting documentation.

Roxanne said the City would consult with its attorney about how to comply with the requirement for revised RAFN justification.
