Dear Ms. Block:

As you are aware, Black Rock Utilities, Inc. is required to notify IDWR of the total annual gallons of irrigation water withdrawn from Lake Coeur d'Alene, under permit NO. 95-9045.

In reviewing our records, it has come to my attention that we did not report in January of this year as we had previously done. Please accept my apologies. Here are the meter readings for 2015: 199,882,000 gallons.

Very truly yours,

Craig D. Harlen, General Manager
Black Rock Utilities, Inc.
