Re: *Request for Extension of Time and Notice in Change of Water Right Ownership* for Permit No. 95-15019

Mr. Murphy:

The Idaho Department of Water Resources has received Gonzaga University's *Request for Extension of Time and Notice in Change of Water Right Ownership* for Permit No. 95-15019. A water right permit is considered personal property, not real property, so it is not conveyed as an appurtenance to the land. As such, the *Notice in Change of Water Right Ownership* is not the appropriate form and is being returned to you. The *Notice* was also not accompanied by the appropriate fee. The permit must be conveyed with a notarized *Assignment of Permit* (enclosed).

The Department cannot process the *Request for Extension of Time* until the *Assignment of Permit* has been received. In order to prevent a lapsed permit, the Department must receive an original notarized *Assignment of Permit* and the associated \$25 filing fee on or before the proof of beneficial use deadline of September 1, 2016. You can submit the form by person or mail to either the Northern Region Office (address above) or to the State Office ATTN: Darla Block at 322 E Front St., PO Box 83720, Boise, ID 83720-0098.

If circumstances do not allow timely submittal of the *Assignment of Permit*, the Department will move forward with lapsing Permit No. 95-15019. At that time you can request reinstatement of the permit. The Department will review the evidence you provide and determine whether or not reinstatement is appropriate. If approved, the priority date of the permit would be advanced one day for every day beyond the original deadline that the request was received.

Please let me know if you have any questions.

Sincerely,

Morgan Case
Northern Regional Manager
