Good Afternoon Rod;

I just received notice that there was an error in the transfer application for the 24.5 acres of ground water transferred to rattlesnake hill.

There are two water rights on this transfer 33-14904 & 33-2040... On the split portion of 33-2040, I only put 18.5 acres to be moved to the new place of use. Unfortunately, these two rights are completely overlapped and both have to split 24.5 acres to move to the new place of use.

I have attached the amendment correcting the acres on 33-2040 and the diversion rate to 0.56 cfs... Could you please take a look and if everything looks alright sign and return?

I apologize for the inconvenience...

Thank you,

Kerrie Mathews
