JUL 22 2016

IDWR / NORTH

81061

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho

Ident. No. 97-7538

1. Name of applicant(s) JANA OSTLER Phone 208-946-5353
Name connector (check one): ☐ and ☐ or ☐ and/or
 Mailing address 4672 Gleason McAbee Falls Rd., Priest River, ID 83853 Email ostleracres@hughes.net
2. Name of representative, if any BRIAN DOMKE Phone 208-610-9853
 Mailing address PO Box 711, Sagle, ID 83860 Email brian.domke@gmail.com
- a. ☐ Send all correspondence for this application to the representative and not to the applicant OR
☒ Send original correspondence to the applicant and copies to the representative.
- b. ☒ The representative may submit information for the applicant but is not authorized to sign for the applicant OR
☐ The representative is authorized to sign for the applicant. Attach a Power of Attorney or other documentation providing authority to sign for the applicant.
3. Source of water supply SPRING/RUNOFF which is a tributary of SINKS
4. Location of point(s) of diversion:

Twp	Rge	Sec	Govt Lot	%	%	%	County	Source	Local name or tag #
58N	04W	8		NE	NE	SW	BONNER	SPRING	
58N	04W	8			NE	SW	BONNER	RUNOFF	

5. Water will be used for the following purposes:
- Amount 0.12 CFS for DIVERSION TO STORAGE purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)
- Amount 0.03 CFS for IRRIGATION purposes from 4/1 to 10/31 (both dates inclusive)
(cfs or acre-feet per year)
- Amount 0.02 CFS for STOCKWATER purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)
- Amount 0.2 AF for FIRE PROTECTION STRG purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)
6. Total quantity to be appropriated is (a) 0.17 cubic feet per second (cfs) and/or (b) 3.3 acre-feet per year (af).
7. Proposed diverting works:
- a. Describe type and size of devices used to divert water from the source. APPLICANT PLANS TO DIVERT WATER FROM SPRING TO POND FOR IRRIGATION AND STOCKWATER.
- b. Height of storage dam 4 feet; active reservoir capacity 0.105 acre-feet; total reservoir capacity 0.105 acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 11. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate [Application for Construction or Enlargement of a New or Existing Dam](#). Application required? ☐ Yes ☒ No
- c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
- d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
- e. If well is already drilled, when? _____; drilling firm _____; well was drilled for (well owner) _____; Drilling Permit No. _____.

Received by db Date 7/22/16 Time _____ Preliminary check by _____
 Fee \$ 100.00 Receipt by db Receipt No. N032055 Date 7/22/16

For Department Use

8. Description of proposed uses (if irrigation only, go to item 8):
- Hydropower; show total feet of head and proposed capacity in kW. _____
 - Stockwatering; list number and kind of livestock. 12 HEAD MIXED STOCK
 - Municipal; must complete and attach the [Municipal Water Right Application Checklist](#).
 - Domestic; show number of households _____
 - Other; describe fully. _____
9. Description of place of use:
- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
 - If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
58N	04W	8									1								1
											S/F								
58N	04W	8								S									

Total number of acres to be irrigated: 1

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? _____
11. a. Who owns the property at the point of diversion? APPLICANT
- b. Who owns the land to be irrigated or place of use? APPLICANT
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____
12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. APPLICANT PLANS TO USE WATER FROM SPRING FOR IRRIGATION AND STOCKWATER AND TO USE WATER FROM SPRING TO FILL SMALL POND. THE POND WATER WILL BE USED FOR SAME USES AS FROM SPRING.
13. Time required for completion of works and application of water to proposed beneficial use is 3 years (minimum 1 year).
14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Total Storage Calculations(Pond Only)

FILE NUMBER	Ostler Pond
REVIEWER	Adam Frederick
DATE	7/11/2016

This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.

User Input
Calculated value
Formula Explanations

Surface Area (AC.)	0.03	Surface Area" is automatically carried over from the "Seepage Loss" sheet.
Average Pond Depth (FT.)	3.5	"Average Pond Depth" depicts the actual depth of the pond either measured or estimated. Note: If you know the maximum depth and not the average depth, the Field Examiner's Handbook suggests multiplying the maximum depth by 0.4 to get the average depth, or you can use any method that seems reasonable to attain average depth.
Pond Capacity (AF)	0.105	Pond Capacity is calculated by multiplying the Pond Surface Area by the Average Pond Depth. If you know the capacity, divide the capacity by surface area and enter the average pond depth in the space above. Note: If pond capacity is determined using a method shown on the "Pond Capacity" sheet, the user may need to modify the value of "Pond Capacity" (cell B9) manually. Note that if the value is modified manually, the formula will be altered for future use.
Multiple Fill Volume Above Initial Fill to Fulfill From Storage Needs- "Multiple Fills" (AF)	0	The "Multiple Fill Volume Above Initial Fill" is the acre-feet of water required to meet a from storage component if the from storage component exceeds a one time fill. This section should not include the amount of water needed to fill the pond initially or the amount of water needed to maintain the pond level due to evaporation or seepage. For example: If a pond has a capacity of 5 acre feet and 2.5 acre feet of seepage and evaporation, but the pond is used for irrigation that requires 10 acre feet of from storage for the irrigation use, then you would insert 5 acre feet into this location (10 acre feet needed - 5 acre feet from the initial fill = 5 acre feet of additional storage needed). Note: You must have a "From Storage" component exceeding the initial fill on the permit to include a volume in this space.
Estimated Seepage Loss (AF)	0.0	The "Estimated Seepage Loss" is automatically carried over from the "Seepage Loss" sheet.
Estimated Evaporation Loss (AF)	0.0	The "Estimated Evaporation Loss" is automatically carried over from the "Evaporation Loss" sheet.
Total Volume Required (AF)	0.2	The "Total Volume Required" is calculated by adding the Pond Capacity, Multiple Fills, Seepage Loss, and Evaporation Loss amounts to determine the total amount of storage required.

Total Storage Calculations (Stockwater)

FILE NUMBER	Ostler Pond
REVIEWER	Adam Frederick
DATE	7/11/2016

This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.

Subject: Application for Permit No. 96-9632, 96-9633, 96-9634, 97-7536, 97-7537, 97-7538,
Attachments: LegalNotice 08-09-16 BCDB e-mail 96-9632. 33, 34, 97-7536, 37, 38.doc

Good Morning, Holly,

Please publish the enclosed legal notice in the *Bonner County Daily Bee*, on the dates indicated, August 18 and 25, 2016, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This should be **very close to press ready** – for 2-column, 8pt, Century Old Style font.. As long as this one is, it should be close enough to just copy and paste, with very little modification being required.

Please note the area(s) under **USE** containing dates and water amounts that are offset and lined up. Our legal should appear in this format. **IF** they can copy and paste, it should eliminate much if any modification. It's a standard WORD document.

Please also send a proof/preview copy for my review, as early as possible, before this actually goes to press.

If you have any questions, please contact me asap.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 9/6/2016. Your cooperation is appreciated.

Holly, it's really a pleasure working with you. Thanks for all your wonderful help, especially with these longer and more complicated legals.

Application For Permit No. 97-7537

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNER COUNTY DAILY BEE on 8/18/2016 and 8/25/2016. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

A handwritten signature in cursive script that reads "Adam Frederick".

F
Hi, Kiira

The Department of Water Resources is seeking written comment and/or recommendations from your agencies regarding the above referenced water right applications. A copy of each of the applications is attached for your reference.

These are being prepared for publication in the Bonner County Daily Bee on August 18 and 25, 2016 with September 6, 2016 as final date for protests to be received in our office.

Your prompt response to this request is appreciated. If your agency desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact Adam Frederick in this office if you have any questions regarding these applications.

Sincerely,

Dianne Ball
