Subject: Proof of Beneficial Use & Certified Exam 63-33481, 63-33745 & 63-33885

Darla,

Good afternoon! As I mentioned on the phone... Western received proof of beneficial use for 63-33481 (due 8/1/16) with proof for 63-33745 and 63-33885. The proof statement for these permits was submitted along with a certified water right exam and a bunch of other filings (Assignment of Permit, Amendment of Permit, Transfer related to the POD, etc.). Due to the other filings, I think it best to process these filings here including licenses. I will data enter the proofs into the Beneficial Use workflow tool, I just wanted to let you know we received 63-33481's proof ASAP (I just got these files today - I apologize for the delay in letting you know on behalf of my office). Please let me know if you need any additional information on this for your processes.

Thanks,
Angie

*Proof received on 7/27/2016 for all three rights listed above. Proof made & data all entered into the database by Western Region.
