4. **Property ownership:** ☐ No changes to point of diversion and/or place of use. Skip item #4 and proceed to #5.
- a. Who owns the property at the point of diversion? SWSC has an IDOL encroachment permit for the surface water intakes
- b. Who owns the land to be irrigated or place of use? Property Owners served by Syringa Water and Sewer Company
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing:

5. **Describe the proposed change in narrative form:**

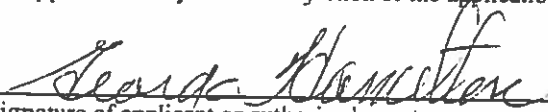

Syringa Water and Sewer Company (SWSC) applied for water rights on January 4, 2006. Kootenai Environmental Alliance (KEA) protested the amount of the proposed application. KEA was not present at the pre-hearing to carry out the protest. This amendment confirms SWSC's request of 2 cfs and adds a volume limitation of 221 acre feet per year. The place of use has been partially modified to reflect the entire service area served by the SWSC water system.

6. **Map:** ☒ The point(s) of diversion and/or the place of use are not amended, therefore a map is not attached.

Attach a map showing the proposed point(s) of diversion and/or place(s) of use. Clearly label the map with township, range, section, and ¼ ¼ of section information. A photocopy of a USGS 7.5 minute topographic quadrangle is commonly used, or the *Map Tool* available on the Department website provides a satisfactory template for creating the required map (<http://maps.idwr.idaho.gov/TransferApplicationLayouts/Map>).

7. **Signature:**

The information in this application is true to the best of my knowledge. I understand that any willful misrepresentations in this application may result in rejection of the application or cancellation of an approval.

Receipt No. NO30134

Case, Morgan

From: Case, Morgan
Sent: Thursday, August 11, 2016 1:05 PM
To: Marston, Sascha; Sutcliffe, Lorna
Subject: Refund for Amendment of Permit Application for 95-9324

Sascha and Lorna,

Can you please issue a refund of \$50 to Syringa Water & Sewer Company, Inc at PO Box 168, CDA, ID 83816 for Receipt No. N030134?

I came across the unprocessed *Amendment of Permit* application associated with that receipt in some inactive files. The right was in the application process at the time of receiving the *Amendment of Permit* application, so it was not the appropriate form when it was received. The application had been protested, and I assume they were attempting to amend the application to resolve the protest. The protest was resolved and the application was permitted. Keith Franklin corresponded with the applicant with that information, but the refund was never issued.

Thanks for helping us clean up some of these outstanding issues.

Re: Application For Amendment of a Permit

Dear Mr. Hamilton:

In finalizing the file for water right 95-9324, the Idaho Department of Water Resources discovered an application you submitted to amend the permit. The amendment was never needed since the application was in protested and the protest has since settled. The filing fee of \$50.00 should be refunded to you.

Would you please drop me a short letter requesting a refund of the \$50.00 filing fee. Once I receive the request I will forward it on to accounting for processing.

If you have any questions, don't hesitate to give me a call.

Thank you.

Sincerely,

Keith E Franklin
