Total Acres: 355.8

#### Conditions of Approval:

1. X35 Rights 74-169B, 74-2047L and 74-15985 when combined shall not exceed a total diversion rate of 11.68 cfs, and the irrigation of 408.4 acres.  
Use of water under this right will be regulated by a watermaster with responsibility for the distribution of
2. R05 water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 74B.
3. 213 Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
4. 198 When notified by the Department or by a watermaster with regulatory authority over this right, the right holder shall report the amount of water diverted in connection with this right. The report shall be submitted in the manner and frequency specified by the Department or the watermaster.
5. 01J Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.
6. F01 Water is delivered through L-9.
7. T07 The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
8. T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
9. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
