Re: County

An additional water right, 63-34049, was obtained to cover the pivot corners which were not covered by this right. The source of water for both rights is the same well located in NESE sec 33, T 06N, R 03W. In the licensing review for that junior right, I found that both the POD and the POU for this senior right incorrectly names the county as Canyon County. Both the POD and the POU are actually located in Gem County.
