Subject: Amendment of Permit
Attachments: WaterRightLicenseAmendment.docx; DOC000.pdf; ProofReport(1).pdf

Ryan,

Today I dropped the attached application for amendment for licensing purposes in the mail to you along with the attached letter. We have already received the fee with your notice of change of water right ownership. Please do not send any more money with this. The irrigation water right (63-32190) authorized more irrigation than you were accomplishing. Therefore, as we discussed at your field exam, this amendment will cover your domestic use. The deminimus stockwater use will fall under your domestic right. I'll need you to sign and return the amendment and then I'll be able to license this right. The ownership change for 63-32190 has been accomplished. I have attached a copy of a water right report for your files. The permit 63-11666 was already in your name per an assignment of permit received by the department in 2010. I will be requesting a \$25 refund be sent to you from the State Comptrollers Office. Thanks.

Sincerely,
Clay Webster
