RE: *Application for Transfer to Rearrange the Place of Use for Water Right No. 22-2269 filed on Behalf of Unit 1 LLC, Unit 8 Farms LLC, Fromover 9 LLC, and RGC Farms LLC.*

Dear Blake:

Enclosed for processing is an *Application for Transfer* for Water Right No. 22-2269. This is the transfer where we had a discrepancy in the acres per quarter-quarter because of the Department's reliance upon its own township, section, and quarter-quarter lines. The transfer does not propose to change the point of diversion or any other elements of the water right other than to rearrange the place of use for Water Right No. 22-2269 to make it consistent with the acres irrigated on the property. Based upon our analysis, and the acreage amounts that you generated on the map attached to it as Attachment 7b, there is a shift of 61 acres. This equates to 1.02 cfs, and based on the Department's fee schedule, warrants a filing fee of \$580.00. Accordingly, enclosed is a check in the amount of \$580.00 for the filing fee. If for some reason my calculation of the fee is incorrect, please let me know and we will submit any additional fees that are owed.

In addition, at your request, we have included at Attachment 2a a water right report for Water Right No. 22-2269, as well as deeds evidencing ownership of the property covered by the place of use for Water Right No. 22-2269. It is my understanding that Lance Crapo, representative of these entities, has already submitted a Notice of Change of Water Right Ownership for the water rights associated with this farm, which is known to them as the "Riverside Madison Farm". As we have discussed, the parties have agreed to first clean up the shape file for Water Right No. 22-2269 as we have proposed, and once the transfer is approved, to proceed with the ownership split and base the split off of the new shape file for this water right. There is another water right associated with this farm, which is Water Right No. 22-7521A, but this water right remains unchanged in the transfer application. After the water right split, the entirety of Water Right No. 22-7521A will be owned by Unit 1 LLC.

We appreciate your assistance with this matter. If you have any questions or concerns, please let me know. We have already emailed you the GIS shape file for the new place of use, but if for some reason you need us to email it again, simply let us know.

Best Regards,

Robert L. Harris
