RE: Transfer Application

Dear Mr. Murdock:

I was in the process of completing the final review of the transfer application that you submitted to split your water right. Unfortunately, I found an error that needs to be corrected...

The split portion part 2a of the application and page 2 of the application described the same water portion.. This cannot be finished like it is.. Nothing in the transfer is changing the acreage is the same the diversion rate is the same it is only a typographical error that needs to be corrected. I have attached an amendment for your review.

If this is acceptable to you, please sign the enclosed amendment and return. If you have any questions, please let me know. I apologize for the inconvenience.

Sincerely,
