CONDITIONS OF APPROVAL

1. The pond established by the storage of water under this right shall not exceed a total capacity of 1.6 acre-feet or a total surface area of 1.0 acres.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.
3. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
4. The mitigation plan associated with this right provided for the initial one-time fill of the pond. Subsequent annual refill of the pond up to 1.6 acre-feet is authorized by this right when deliverable in priority.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 17th day of June, 2016.

JAMES CEFALO
Water Resources Program Manager
