Notice of Intent to Void Permit 94-07548

To Whom It May Concern:

This letter provides information on Permit 94-07548. Idaho Department of Water Resources (IDWR) will act to void Permit 94-07548 unless you contact me to schedule a Field Exam within 30 days.

IDWR issued the Permit in 2010 authorizing you to develop a right to divert 0.60 Cubic Feet per Second from Groundwater for Domestic and Stockwater, and Irrigation of 27 acres in the Southeast $\frac{1}{4}$, Southwest $\frac{1}{4}$, of Section 09, Township 47 North, Range 03 West, B.M. The Permit required development to be completed by May 1, 2011.

Your July 19, 2010 Statement of Completion indicates that development had been completed in accordance with the Permit. However, I cannot confirm that development actually occurred because no response to schedule a Field Exam has been received. I received no reply to schedule an Exam from Rathdrum Mountain LLC Notices dated August 11, 2015 and March 22, 2016. No reply was received for Idaho Feed and Cattle LLC Notices dated September 1, 2015 and March 22, 2016. Therefore, I cannot verify that a beneficial use of water has been developed in accordance with the Permit.

The final step in the water appropriation process is the issuance of a Water Right License. IDWR recognizes that the requirements for establishing a water right have been met by issuing a license. IDWR cannot issue a license, because no water right has been established, unless we are able to confirm that the beneficial use purposes listed in the Permit were developed and placed into use. **I will act to void Permit 94-07548, under the provision of Section 42-219(6) of the Idaho Code, unless you contact me to schedule a Field Exam within 30 days.**

You can shorten the voiding process, if you are no longer interested in keeping this Water Right, by completing and returning the enclosed Relinquishment of Permit form to IDWR. Please contact me, if you have any questions, at (208) 762.2800.

Respectfully,
