**DEPARTMENT OF
WATER RESOURCES**

**Re: Resumption of Beneficial Use
Water Right Nos. 63-31312, 63-31313, 63-17863, 63-4695**

Dear Ms. Thiel:

Pursuant to the Idaho Department of Water Resources (Department) letter dated May 3, 2016, please find attached the completed Resumption of Beneficial Use forms for Water Right Nos. 63-31312, and 63-31313.

Additionally, the Applications for Extension of Time to Avoid Forfeiture as approved by the Department on October 29, 2010 included Water Right Nos. 63-17863 and 63-4695 with the condition that resumption of beneficial use for those water rights shall occur on or before November 15, 2016. Please find attached the completed Resumption of Beneficial Use forms for Water Right Nos. 63-17863 and 63-4695.

Note that 6.1 acres of the total 10.1 acres of irrigation authorized by Water Right No. 63-4695, as modified by Transfer No. 72596, have been leased to the water supply bank through December 31, 2016 pursuant to the Department's letter of December 30, 2015. Accordingly, the enclosed Resumption of Beneficial Use form for Water Right No. 63-4695 states that 4 acres of the total 10.1 acres are being irrigated on the authorized place of use at this time with the balance of 6.1 acres placed in the water supply bank as protection against forfeiture.

On or about November 1, 2016, the water right holder, Orion Holdings, LLC, will re-evaluate irrigation acreage needed for the irrigation season of 2017 on the place of use authorized under Water Right No. 63-4695. As a result of that evaluation, Orion Holdings, LLC may submit a future application(s) to lease a portion of Water Right No. 63-4695 to the water supply bank as protection against forfeiture until such time as the development project is built-out and the entire 10.1 acres of authorized irrigation is being used on the project. Orion Holdings, LLC will also submit an updated Resumption of Beneficial Use form(s) in the future as irrigated acres are released from the water supply bank and utilized on the project.

T-O ENGINEERS

Please call me at 323-2288 with any questions.

Sincerely,
T-O Engineers, Inc.
