RE: Beneficial Field Exam for Water Permit 63-11666

Dear Mr. Fornstrom:

I have been asked to perform several field exams in your area during June 13-15, 2016. I would like to schedule a time to conduct a water right licensing examination during that time.

On February 19, 1992 Stan Lilliquist applied for a water permit for Irrigation and Domestic use at the property located at Township 05N Range 01W section 34. The Department received an assignment of Permit in April 2010 changing the ownership of that permit to you. The Department received proof of beneficial use in June 2010.

Please have someone that is familiar with the system and its construction/operation available at the exam, as well as the following documentation:

- 1- Pump and motor specs (for both wells)
- 2- Depth of pump (for both wells)
- 3- Pump Curve (if available) (for both wells)
- 4- Well Drillers Report (if available) (for both wells)

I appreciate your attention to this matter and I look forward to hearing from you. Please contact me within 14 days at 287-4910 to schedule an exam for this water right permit.

Respectfully,
