Re: Curtailment Order

To Whom It May Concern:

I own Water Right #25-14005, a ground water right for the irrigation of 3 acres of ground on my property located north of Rigby. Due to the recent water curtailment, I received a notice that my water right #25-14005 is proposed to be curtailed this season unless I have approved mitigation. This notice is intended to inform you that Fremont Madison Irrigation District has agreed to provide mitigation for my water right.

Sincerely,

La Preal Hinckley
