a. Who owns the property at the point of diversion? City of Spirit Lake

The City of Spirit Lake owns a municipal water system, which serves it's customers within it's service boundaries.

5. Describe the proposed change in narrative form:

The point of diversion change moves the point of diversion from the old Sempre property (which is now owned by a different developer) to a City-owned lot within the NE section of the City. The old location has a high potential for corrosive groundwater, and the new location has a high potential for a better quality of groundwater. The place of use is being expanded to include the current water system service area and the near future anticipated water system service area.

6. Map: ☐ The point(s) of diversion and/or the place of use are not amended, therefore a map is not attached.

Attach a map showing the proposed point(s) of diversion and/or place(s) of use. Clearly label the map with township, range, section, and ¼ ¼ of section information. A photocopy of a USGS 7.5 minute topographic quadrangle is commonly used, or the *Map Tool* available on the Department website provides a satisfactory template for creating the required map (<http://maps.idwr.idaho.gov/TransferApplicationLayouts/Map>).

7. Signature:
