Subject: Status Conference for Application for Permit 74-16008 (Herbst)

Dear Parties,

Rob Harris asked if we could schedule a short status conference for setting a hearing date and disclosure deadlines for this contested case. He mentioned that he is still hopeful that the parties can work out a settlement. Please let me know if you have any conflicts in the morning hours of May 9, 10, or 11. Based on your responses, I will send another email out on Friday setting the status conference time. I imagine the conference will take about half an hour. Thanks.
