Conditions Applicable to Leased Water Right

1. The water right referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department, even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.
5. While a water right is in the bank, forfeiture provisions are stayed pursuant to Idaho Code § 42-223(5).
6. Rental of water under this right is subject to the limitations and conditions of approval of the water right.
7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.

8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, nor does it improve the status of the right or accomplish the resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code §§ 42-248 and 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment after the following rental season.
11. The water right leased to the bank is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. When combined with all other rights, the water rights on this lease shall not provide more than 0.02 cfs per acre, nor 3.5 af per acre for irrigation purposes.
13. Use of water under the rights on this lease is regulated by a Watermaster with responsibility for distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37.

Re: WSB Lease; 37-22934, 37-22935 and 37-22936 on Behalf of Algis Pabarcus.

Dear Clay:

On behalf of Algis Pabarcus, Brockway Engineering is submitting three water supply bank lease applications which propose to lease all of water rights 37-22934, 37-22935 and 37-22936 to the Water Supply Bank for the 2016. A map is attached showing the areas that are proposed to be idled associated with the lease applications.

Mr. Pabarcus owns these water rights although they are appurtenant to lands owned by other parties. Two ownership deeds have been attached, one conveying 23 acres of Bid Wood River water rights 37-20417, 37-20421 and 37-20425 from Riverview-Cloverly Irrigation, INC. to the Harry S. Rinker Trust. The second ownership deed conveyed 16 acres of these same three water rights from the Harry S. Rinker Trust to Algis Pabarcus. These three water rights were subsequently re-numbered by IDWR to 37-22934, 37-22935 and 37-22936 through an approved ownership change filed with IDWR on 3/20/2015 (attached).

Also enclosed is a check for \$500.00 to cover the cost of the three water supply bank lease applications as all three water rights share the same 16 acre place of use. Please copy our office on all correspondence regarding these applications. Thank you for your assistance and if you have questions or comments, please don't hesitate to call.
