Water Right License
WATER RIGHT NO. 63-33462

PRIORITY: December 22, 2010

Maximum Diversion Rate: 0.05 CFS

Maximum Diversion Volume: 0.6 AF

It is hereby certified that:

CHURCH OF GOD OF PROPHECY 11535 SMITH AVE NAMPA ID 83651

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated December 22, 2010, and has submitted Proof of Beneficial Use on April 11, 2016. An examination confirms water is diverted from:

SOURCE: GROUND WATER

and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>DIVERSION RATE</u>	<u>ANNUAL DIVERSION VOLUME</u>
DOMESTIC	01/01 to 12/31	0.05 CFS	0.6 AF

LOCATION OF POINT(S) OF DIVERSION:

CONDITIONS OF APPROVAL

- Domestic use is for a church and does not include lawn, garden, landscape, or other types of irrigation.
- This right does not grant any right-of-way or easement across the land of another.
- The following rights are diverted through point(s) of diversion described above: 63-33461 and 63-33462.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 12th day of May, 2016.

RE: License No. 63-33462

Issuance of License

Dear Water Right Holder(s):

The Department of Water Resources has issued the enclosed Water Right License confirming that a water right has been established in accordance with your permit. Please be sure to thoroughly review the conditions of approval and remarks listed on your license.

The license is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4951.

Sincerely,

Pamela Skaggs

Water Rights Supervisor

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Water Right File 63-33462

FROM: Daniel A. Nelson

DATE: May 11, 2016

SUBJECT: Telephone Conversation and Diversion Rate and Volume Calculations.

On May 11, 2016, I spoke with Pastor Monte Holt to determine several issues with their in-house field review. During this conversation I discovered that the church has a 5 Hp pump in their well that supplies both the irrigation of the land around the property and the church building itself. The attached theoretical pumping calculation sheet shows that they can produce approximately 0.13 cfs, which would not require any combined limitations with the overlapping water right.

I also asked the pastor about the number of people and the number of days that church is used. He stated that they have a max capacity of 140 people and an average of 70 people per event. They have 3 event per week and 15 special events throughout the year for a total of 171 events ($[3 \times 52 \text{ weeks}] + 15 = 171$). I estimated that the average person would use approximately 15 gallons per day or the same as a school without a gym or showers as listed in field examiner's handbook. Using this information, I calculated the volume as follows:

$70 \text{ people} \times 171 \text{ events} \times 15 \text{ gal per person} / 325850 = 0.55 \text{ af per year.}$

The field examiner recommended 0.6 af, therefore, that should be sufficient to cover the uses for this church.

THEORETICAL HORSEPOWER EQUATION WORKSHEET (cjh 1/92)

Water Right No.: 63-33462
 Reviewer: Dan Nelson
 Date of Review: 5/11/2016

P/D No.:

	Scenario 1	Scenario 2	Scenario 3
PUMP HORSEPOWER	5	5	5
BOOSTER HORSEPOWER	0	0	0
PUMPING LEVEL	116	116	116
DISCHARGE PRESSURE	40	50	60
RATE OF FLOW (cfs)	0.15	0.13	0.12
	66	60	54

Ave. Rate
 0.13 cfs
 60.11 gpm

The above calculates the formula = $Q = \frac{8.8 * (\text{Efficiency}) * \text{hp}}{\text{depth to water} + 2.31 * (\text{psi}) + \text{friction}}$

Assumptions: %70 efficiency.
 No Friction

Examiners Notes:

I spoke with the permit holder and discovered that they have a 5 Hp pump. I used the standard for domestic pressure systems of 40 to 60 psi. The well driller's report had a well test done that showed a drawdown of 116 feet. Using this information, I came up with an average rate of diversion of 0.13 cfs. This permit allows 0.05 cfs and the irrigation right out of this same pump allows a diversion rate of 0.07 cfs for a total of 0.12 cfs. Therefore, there should be no combined limitations for this system pump system.
