COMES NOW, the Protestant, Double Anchor Ranches, Inc., by and through its counsel Honsinger Law, PLLC and, in conformance with and pursuant to I.C. §42-222, and IDAPA 37.01.01, Rule 250, hereby notifies the Idaho Department of Water Resources ("IDWR") and the Applicant in the above referenced matter of its Protest to Application for Transfer No. 80342 filed by Casa Del Norte, L.P.

The Protestant has a direct and substantial interest in this proceeding in that the transfer application proposes a point of diversion for groundwater within an area and water bearing zone that may be connected and contribute to the source(s) from which Protestant diverts water pursuant to valid water right(s). Thus the proposed new point of diversion may injure Protestant. The transfer application also references the fact that the place of use under this proposed transfer is to be the place of use proposed in unpublished transfer application nos. 79528 and 79945 - in

other words, it presumes approval of the proposed place of use under those unpublished transfers. As those unpublished transfers may injure Protestant, or otherwise not comply with the requirements of I.C. §42-222, Protestant must protest this transfer application on the grounds that the proposed change in place of use may result in injury to Protestant.

Protestant is concerned that the proposed transfer may not comply with the requirements of I.C. §42-222 in that Protestant may be injured thereby, or that the change may constitute an enlargement in the use of water rights.

Protestant proposes that, should IDWR or the parties determine that all or any portion of the transfer application be conditioned or denied to meet the requirements of I.C. §42-222 and/or other concerns raised by Protestant, such conditions be imposed and/or such denials be issued.

Dated this 25th day of April, 2016.
