Dear Mr. Martin,

The Department attempted to send you correspondence regarding your water right permit #91-7156. The mail was returned to us marked by the US Postal Service as "Not Deliverable As Addressed", and the phone number of record we have for you has been disconnected. The correspondence needing to reach you is notification of your upcoming Beneficial Use Due Date of July 1, 2016. Is there a better mailing address where you can be reached?

Sincerely,

Darla Block
