RE: Assignment of Permit. 22-173 & 22-10542

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Application:** First I apologize for not catching this before I sent the last letter. However it appears the water rights listed above are NOT Permits. The water rights listed above are Decreed Water Rights in order to change the ownership of the water right a Notice of Change of Water Right Ownership and evidence of ownership is required. If your intent is only to add a security interest a Notice of Security Interest Form and evidence of Security Interest are required. I have attached copies of both applications for your convenience.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
