CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **May 01, 2021**.
2. Subject to all prior water rights.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 143.
4. Upon specific notification the right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
5. Domestic use is for 1 home and does not include lawn, garden, landscape, or other types of irrigation.
6. The domestic and stockwater use authorized under this right shall not exceed 13,000 gallons per day.
7. Domestic and stockwater use when combined with other domestic and stockwater rights on the property are limited to a total of 13,000 gallons per day.
8. Recreation use is for a swimming pool.
9. Heating use is for home and barn.
10. Heating and Recreation use of water under this right shall be non-consumptive.
11. This right is for the use of trust water, and it is subject to review 5 years after its initial approval (date of permit approval) to re-evaluate the availability of trust water for the authorized use and to re-evaluate the public interest criteria for reallocating trust water.
12. Use of water pursuant to this right is either non-consumptive or the right holder is required to provide ongoing mitigation to offset the depletion of water resulting from the use of this right. Regulation of this right to satisfy the minimum stream flow water rights in the Snake River at Murphy Gage shall not be required.
