Cindy,
I do not still represent Pristine Springs. I do not even know who to contact. Please let me know if I can do anything further.

Pat, do you still represent Pristine Springs? I have re-read the letter you submitted on March 25 to IDWR and while you state that Pristine is no longer an interested party, it is not clear to me if you are still their counsel.

If you are still representing Pristine, could you kindly submit a letter which formally withdraws Pristine's protest to the above application. That is the action which will remove them (and you) from the contested case. Otherwise I will need to issue a default order which dismisses the protest.

Please return any future correspondence to Denise Maline, who is copied in this message.

Regards,
