Re: ownership and address change

As part of office day duty on April 14, 2016, I received a phone call from Robert Doberstein. He had several questions about the water rights associated with properties that he had recently purchased. Robert Doberstein and Carol Doberstein are the new owners of two properties near Weiser ID which have water rights or water right permits.

One property is located at 1310 Airport Rd and is associated with WR# 67-2226 and 3-2032.

The other property is located at S1/2SESW sec 9, T10N, R5W and is associated with permit 67-15040. Proof for this permit was due in late 2015 and was submitted timely by the previous owners, Randy L Smith and Janine L Smith. Permit file 67-15040 indicates that IDWR has failed to connect with the Dobersteins regarding an assignment of the permit.

I sent an address change form with the other information that Robert Doberstein requested during our phone call. He can be reached at:
