Application for Permit No. 63-34128

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the MOUNTAIN HOME NEWS on 4/20/2016 and 4/27/2016. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Re: Application For Permit No. 63-34128 Additional Information Required

Dear Applicant:

Your recent application for permit proposing the use of water for domestic and stockwater is being processed. The application has been assigned a priority date but cannot be processed further until the following items are clarified:

- 4 - Proposed Use
The department has established a standard rate of 0.04 cfs for domestic use. We recommend applicants use this amount on their water right applications. You may enter a lesser amount but this may limit the amount of water available to you when the water right is licensed. Similarly, the standard stockwater rate for 120 cattle is 0.05 cfs (0.07 cfs for 240 head of cattle). The permit and subsequent water right can be issued for less than the amount applied for but it cannot be issued for more than the rate on the application. Please note that if you increase the rate for either proposed use or the total quantity to be appropriated (section 5) the processing fee for this application may change.

If you wish to make changes to the application please amend the form and resubmit it to the department within sixty (60) days for the application to be processed. If you do not want to make any changes please contact me directly and I can proceed with processing the application. You may seek additional time to make any changes by making a written request to interrupt processing for up to six months. The application will be voided without a timely written reply within the next sixty (60) days. Refunds are not issued for voided applications. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.
