Hi Phill,

My girlfriend Stepheny faxed the form to the 334-2348 number. I called shortly after, and talked to a gentleman who said he received it and would give it to Mr. Miller.

Hi Brandon,

What fax number did you use because I did not receive anything on Friday. Also would you send in the original copy.

Hey Phill,

I faxed over a petition for reconsideration. I included your name on it just because I have been in contact with you. I really appreciate your help with all this, and I hope that Mr. Miller will reconsider. Thanks again!

Good morning Phil,

Where can I find the petition for reconsideration form? Is it available on the the website? I have the yellow explanatory form, but I am having a hard time finding the petition form online. Does it go by another name? Or is just a written statement requesting for reconsideration? I appreciate your help. Thank you.

Thank you for looking over my application. I mailed out a signed copy yesterday along with a couple maps and well driller's report. Please let me know if you need anything else. Thank you!

Dear Mr. Miller,

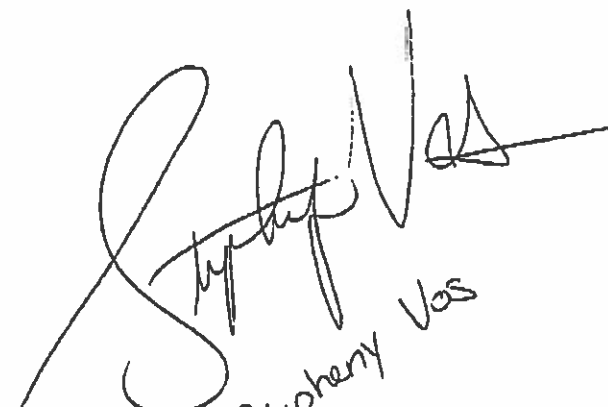

I am petitioning for reconsideration for application number 8-12432. I apologize for my untimeliness and irresponsibility in this matter. I have been in contact with Phill Hummer, an Idaho Department of Water Resources Agent, over the past week regarding my application, and when I mailed all the corrected and proper documents within the 14 day deadline, I did not send this petition letter. I apologize. I was ignorant to the fact that I needed to include a petition for reconsideration letter based on me being in contact with an agent. I apologize for my ignorance. I would greatly appreciate if you would reconsider my application. All my documents are in order and are in a Water Resource Agent's possession. Thank you for your time.

Sincerely,

Brandon Becker
