NOTICE: STATEMENTS OF COMPLETION DUE

RE: Permit Nos. 96-09475 & 96-9476

IMPORTANT: A response from you is required to maintain the active status of the referenced water right permit. If no response is received from you, the permit will lapse and your authorization to develop and/or use this water right will be cancelled.

Dear Permit Holder(s):

One of the conditions of approval of the above referenced water permits was that proof of the extent of your beneficial uses must be submitted to this office on or before **June 01, 2016**. Please complete and return the enclosed Statements of Completion for Submitting Proof of Beneficial Use (proofs) if you have completed the water project authorized by your permit. The proof statements must be accompanied by either the appropriate license examination fees or field examination reports prepared by a certified water right examiner.

If you have not fully completed your projects, and you or a previous owner of these permits have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been delayed by a government agency or by litigation that brings title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. An extension request must be accompanied by a \$50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney.

Either acceptable proofs or acceptable extension requests must be received by this department on or before the above proof due date. If neither is received, the department will send you a lapse notice and the permits will no longer be of any force or effect.

Sincerely,

Darla Block
Technical Records Specialist
