Good afternoon, Holly:

Please re-publish the enclosed legal notice in the Bonner County Daily Bee, on the dates indicated, June 2 and 9, 2016 (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

The first re-publishing did not have the correct protest deadline date as submitted. Please note changes in this attached legal notice, to the publication dates, the protest deadline, and the website. (We had a recent website update.)

This should be very close to press ready – maybe copy and paste, for 2-column, 8pt, Century Old Style font.

Please note the area(s) under **USE** containing dates and water amounts that are offset and lined up. Our legal should appear in this format.

Please also send a proof/preview copy for my review before this actually goes to press.

An affidavit of publication must be submitted to the Department. Please send the affidavit to this office before 6/20/2016. Your cooperation will be greatly appreciated.

Thanks for all your help in this process.

If you have any questions, please contact Morgan Case, our Northern Regional Manager, at 208-762-2800, as early as possible.

Good Morning Shawn,

Currently Stacy Bell-Powell do not have a permit for the waterline. We have spoke and I believe she mailed her application into us the beginning of this week some time, but as of today. I do not have her application.

The waterline will be added to her permit, making her permit L-96-S-2175B.

I can let you know when I get the application for sure.

Let me know if you need anything else.

You may also receive a fax for the enclosed encroachment permit request . I'm not sure if the fax will go through due to an equipment issue on our end.

I need to verify that the Encroachment Permit information provided by Water Right Permit applicant Stacy Bell-Powell is correct. Her Application will involve a pump to divert water from the Pend O'Reille River.
