Re: Prehearing Conference for Application for Permit No. 36-16406

Dear Ms. Maline:

I am writing with regard to the prehearing conference notices I have been receiving with respect to the above Application by North Rim Fairways Association. I originally filed protests on behalf of Pristine Springs, Inc. Pristine Springs, Inc. is no longer an interested party in this matter as the water rights it possessed at the time of the protests have been transferred to the Idaho Water Resources Board. Consequently, you do not need to provide further notice to me nor expect me to attend. I appreciate your updating your records in this regard. Thank you.

Sincerely,

Patrick D. Brown
