Water Right 36-2381A

We need to be released from our 2016 water rental agreement. We have to cut back on our water usage because of the water mitigation in Southern Idaho. We cannot water our corners for a while. We apologize for not giving you 30 days notice. We didn't realize that the contract was more than one year. We were out of the country for a year when this agreement was made. It was done by the man who rents my farm. He was our representative. We thought it was year to year. Thank you for your help in this matter.
