

MEMORANDUM

TO: Water Right Permit File # 37-22847

FROM: Darla Block

DATE: March 17, 2016

SUBJECT: Request for Extension of Time / Need Proper Signature of Authority on Extension form.

On March 10th, 2016, John Homan of the Departments' Attorney Generals' Office called MSBT Law and spoke with either Cherese McLain or Kat Donovan regarding the need for a signature of authority on the Request for Extension of Time since the Department received a Limited Power of Attorney form Tom Norris (permit holder).

As of March 17, 2016, I had not received an acceptable extension request form from MSBT Law on behalf of the permit holder. Today I called and spoke with Cherese McLain, and explained that I need an extension request signed by Bruce Smith the designated and appointed power of attorney to act on behalf of the permit holder.
