RE: Alternative Mitigation Plan for 3D Water Association, Inc. Water Rights.

Dear James:

Consistent with the conditions of the various permits held by the 3D Water Association, Inc., 3D desires to implement an alternative mitigation plan for its water rights, which is to maintain membership in the Bonneville-Jefferson Groundwater District. 3D will continue to maintain ownership of canal company shares and irrigation district entitlements described in the original mitigation plan.

If you have any questions or concerns, please let me know.

Best regards,

Robert L. Harris
