Dear Lessor:

Idaho Department of Water Resources (Department) records show that all or a portion of the above referenced water right(s) were leased to the Water Supply Bank (Bank) through December 31, 2016. **This letter is notice that the right(s) are now considered released from the Bank.**

The five-year period of nonuse related to forfeiture of a water right shall begin to accrue upon release of the right from the bank or shall continue to accrue if a period of nonuse occurred prior to the lease date of the right to the Bank.

If you have any questions regarding this matter, please contact me at (208) 287-4918.

Conditions Applicable to All Leased Water Rights

1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department, even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.
5. While a water right is in the bank, forfeiture provisions are stayed pursuant to Idaho Code § 42-223(5).
6. Rental of water under this right is subject to the limitations and conditions of approval of the water right.

7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.
8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, nor does it improve the status of the right or accomplish the resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code §§ 42-248 and 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment after the following rental season.
11. The water right leased to the bank are subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Use of water under this right is regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 02.
13. The use of water for irrigation under rights 2-7036, 2-7037, 2-7038 may begin as early as March 1 provided other elements of the right are not exceeded. The use of water before March 15 under this remark is subordinate to all water rights having no subordinated early irrigation use and a priority date earlier than the date a partial decree is entered for this right.
14. The use of water for irrigation under right 2-7127 may begin as early as March 1 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before April 1 and after October 31 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.
15. Unleased portions of rights 2-7036, 2-7037, 2-7038 and 2-7127 are limited to irrigation of a combined total of 1,244.8 acres in a single irrigation season, a total combined diversion rate of 21.15 cfs, and a total combined annual diversion volume of 6,128.7 af.

Hi Sandy,

Nothing region wise to comment on – but one thing I did wonder about was diversion moves. Are there points of diversion between leased diversion(s) and rental diversion(s)? Though I'm sure any issue would get flushed out from watermaster comment.

Re: Murphy Land Co LLC Leases for WRs: 2-7028, 2-7036, 2-7037, 2-7038,
2-7127 and Rental Application

Dear Ms. Palmer:

Murphy Land Co. LLC desires to lease the above water rights to the Water Supply Bank. The applicant desires to rent a portion of the combined rights for 64.6 acres of irrigation within the same farm, but at a separate Place of Use. The applicant will be pursuing a transfer to combine the separate Places of Use into a comprehensive Place of Use within a Permissible Place of Use next year. The lease and rental is to accommodate recent irrigation changes as the farm moves to center pivot sprinkler irrigation practices. The lease and rental will be for one year.

The water rights were decreed with unique Places of Use, and are not stacked water rights for volume or acreage. Four out of the five water rights offered to the bank for lease have a combined limit on diversion because they share a common pumping station. The analysis for the water supply bank lease and rental are in Appendix A. No enlargement will take place as the acres offered to the bank will not be irrigated at the current place of use during the lease period. Thank you for your consideration of this application. Please, do not hesitate to call me with any questions.

Sincerely,

Hattie Zobott, P.E.
