RE: Assignment of Permit for a Portion of Water Right No. 95-13563

Dear Permit Holder:

The department acknowledges receipt of the assignment of permit for the above referenced water right to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records, and your receipt for the assignment fee.

We are currently in the process of licensing this permit. I recently sent an email to lear31pilot@msn.com to request additional information to allow us to process the license for this permit. No response has been received as of the date of this letter. You may want to contact the other owner's of this permit, Mark Williams and James Davis to ensure the email is answered.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Daniel A. Nelson
Staff Hydrologist
