Re: change of ownership forms for claims # 61-2031, 61-2121

IDWR Western Region.

Boise, Idaho 83705-5082

February 2, 2016

Dear Sirs:

Enclosed are the forms for a change in water rights ownership, and supporting documents needed to show chain of ownership through quitclaim deeds, of the above noted claims.

I spoke via telephone with the IDWR 800 number briefly about the need for the plat maps indicating points of diversion and use. Upon my explanation of this situation, It was suggested that I submit my information to you with explanation for not re- drawing them, and if you needed me to re-submit, you would call or notify me.

This property has been in my family for many years, and is not so much changing owners but moving on to a new family member with the death of my mother Annabeth N. Bean November of last year.

The points of diversion and intended use areas for both permits are valid and accurate as you now list them in your records, and as the newest family member to now be in control I understand them, have helped maintain and work them through the years, and have no intention at this time to alter them.

I hope this is sufficient information for you to enable me to change the ownership without re- creating maps and information you already have in good detail.

Please do not hesitate to call if you have any questions or need any additional information.

Sincerely,

David L. Bean
