Subject: ownership change for water right 37-22667 and 37-7490

The Department of Water Resources received your request for a change of ownership of the above mentioned rights. However, during the initial review it was determined that the gift transfer agreement isn't sufficient evidence of the ownership of the water rights.

Item #7 on the Notice of change in Water Right Ownership form **REQUIRES** a copy of the conveyance document which must include a legal description of the property or description of the water right(s).

Please send the required documents within 30 days or the Department will return your applications unprocessed. If you have any questions, please contact me at (208) 287-4942. Thank you.
