Re: Application For Amendment of a Permit, No. 96-9299

Gentlemen:

The Idaho Department of Water Resources is updating its files and discovered the Sourdough Point Owners Assn., filed an application to amend their water permit No. 96-9299 in 2007. The amendment was never processed due to a discrepancy in the description for the location of the point of diversion from Lake Pend Oreille. The permit in question has since been licensed.

The owners association submitted a \$50.00 filing fee with the application for amendment. Since the amendment was never processed the filing fee can be refunded to you.

Please send me a letter or e-mail requesting a refund of the filing fee and I will initiate the process for you with the main office in Boise. If you have any questions, don't hesitate to contact me at this office.

Thank you.

Sincerely,

Keith E Franklin
Program Manager Northern Region
