6. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 110.
7. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
8. Prior to the diversion and use of water under Transfer approval 80526, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
9. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
10. This right is based upon an enlargement of Right No. 31-12284 pursuant to Section 42-1426, Idaho Code.
11. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.
12. This water right is subordinate to all water rights with a priority date earlier than April 12, 1994, that are not decreed as enlargements pursuant to Section 42-1426, Idaho Code. As between water rights decreed as enlargements pursuant to Section 42-1426, Idaho Code, the earlier priority right is the superior right.
13. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
14. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
15. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

CONDITIONS OF APPROVAL

5. Rights 31-12174, 31-12242, 31-12244, 31-12278, 31-12280, 31-12282, 31-12284, 31-12286, 31-12368, 31-12369, 31-12379, and 31-12380 when combined shall not exceed a total diversion rate of 1.25 cfs, a total annual maximum diversion volume of 322.0 af at the field headgate, and the irrigation of 92.0 acres.
6. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 110.
7. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
8. Prior to the diversion and use of water under Transfer approval 80526, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
9. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
10. The period of use for the irrigation described in this approval may be extended to a beginning date of April 1 and an ending date of October 31, provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before April 15 and after October 15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 2/22/2002.
11. Right No. 31-12280 is an enlargement of this right pursuant to Section 42-1426, Idaho Code.
12. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.
13. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
14. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
15. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
