RE: WSB Lease for 61-12202 is Un-rentable

Right 61-12200 and 61-12202 were leased into the bank indefinitely in 2005 under water right 61-12074 and 61-12076. Today Charles Vanmeer came to discuss his water rights and update his place of use. . He had released WR 61-12200 from the bank and left 61-12202 in the bank to protect it from forfeiture. He brought a map to show the acres that were irrigated and asked me to update his place of use on his water rights. I have created the attached map of idled acres for 61-12202 being left in the bank for 2016.

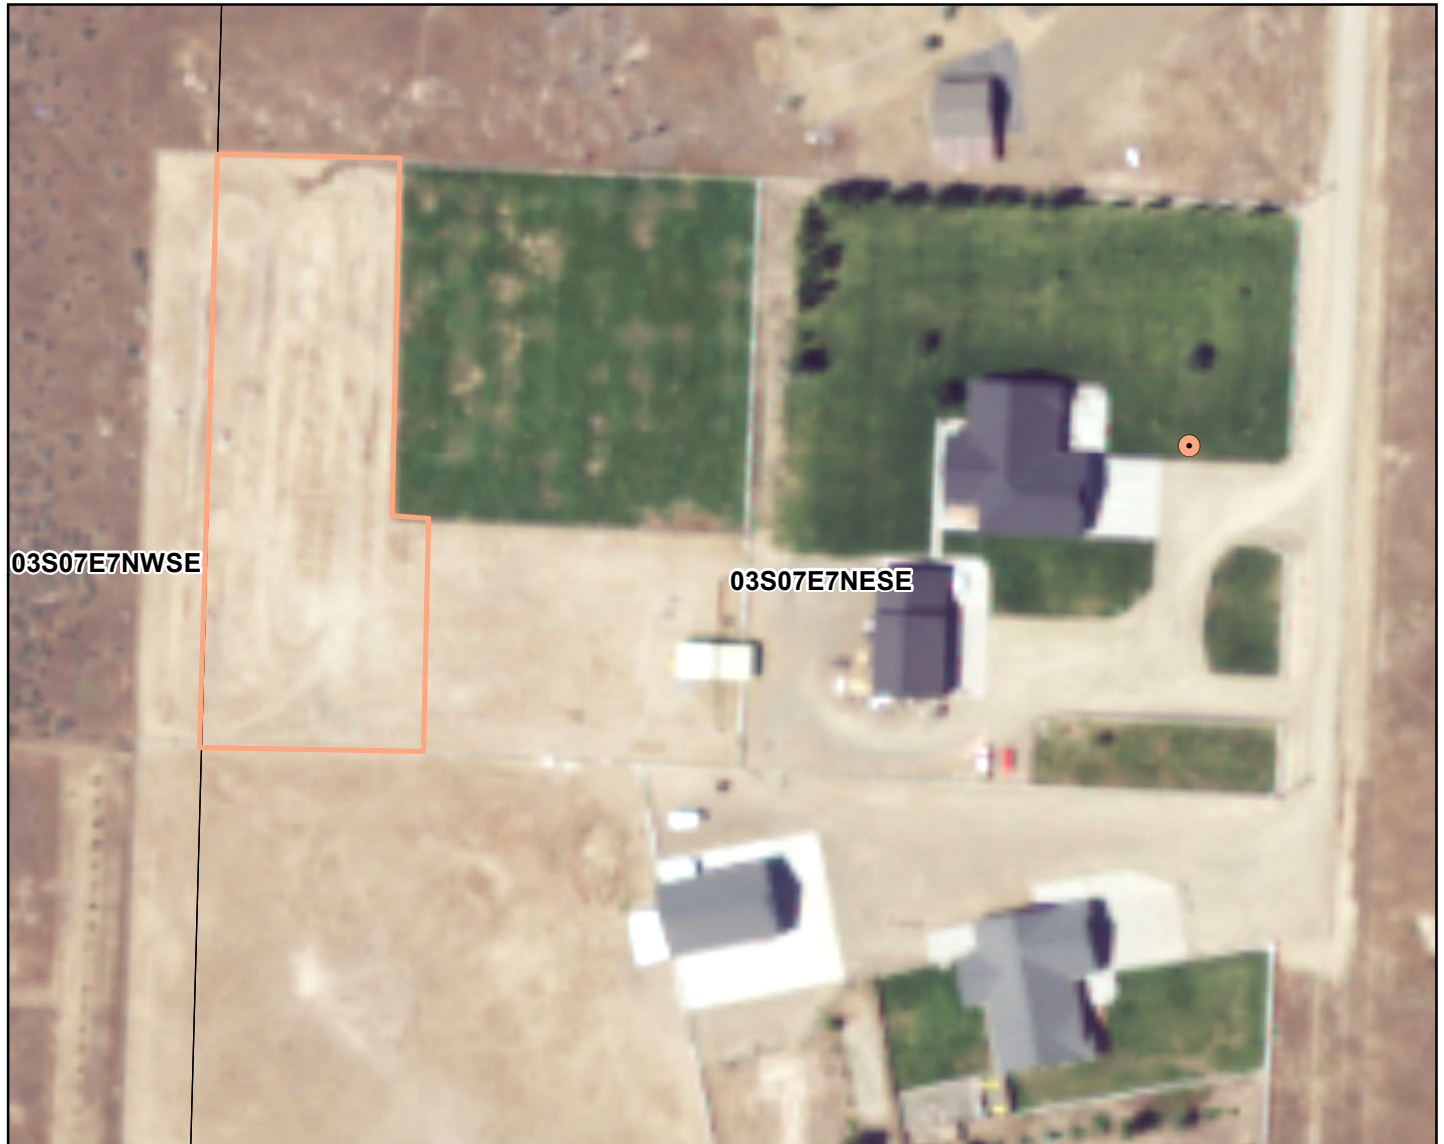

While going through these rights with Mr. Vanmeer, I discovered that 61-12202 was an enlargement right for 61-12200. Therefore 61-12202 will not be rentable from the bank without 61-12200. We discussed this issue and I explained to him that if he wished to reapply to lease the 0.9 acres next year, we would require a proportionate share of both rights to avoid this issue.
