Allen and Corey,

Thank you for your call this morning regarding the IDWR's intention to move forward with the issuance of the permit to my client conditioned upon meeting the USFS ditch requirements. Given the difficulties that we have encountered to date, I would request that you allow a period of five (5) years to develop the right. I would also request that you include my contact information on the permit as an additional contact. I have emailed my client to confirm that HC 64 Box 9958, Stanley, ID is still his current mailing address, and I will get back to you with his response.

Thanks so much,

Gary D. Slette
