

MEMORANDUM

To: Transfer #80620
From: Denise Maline
Date: February 9, 2016
Subj: Applicant address, etc.

The above referenced transfer in the name of Fred Hawker is currently being processed. During advertising, the department sent out an advertising acknowledgement letter to Mr. Hawker at the address listed on the transfer application; as well as a courtesy copy to his representative Brockway Engineering. The letter from IDWR was returned by the Post Office on January 19th, indicating Mr. Hawker was "Temporarily Away".

On February 8th, I called Brockway Engineering to see if they have a different address for Mr. Hawker, and they did not have anything besides the address on the transfer application.

On February 9th, we received a call from Brian Merriman, checking the status of the application; and inquiring about the protests that had been filed. Mr. Merriman indicated that he is leasing the Hawker property/farm. I asked him if he had a current address for Mr. Hawker, and he said Mr. Hawker is in Arizona for the winter. Mr. Merriman asked that the department send correspondence to Brockway Engineering, and they will keep in contact with them.

This transfer has been protested by (4) parties, therefore copies of the protests may or may not reach Mr. Hawker in Arizona.

Future correspondence will be sent out to Mr. Hawker, omitting the "Return Service Requested" ; in hopes that it will be forwarded to him. Copies of all correspondence will also be sent to Brockway Engineering.
